

GCSE controlled assessment policy

Rationale

To ensure that the conduct of controlled assessment complies with the regulations set down by JCQ.

Outline of staff responsibilities

Senior leadership team

At the start of the academic year, the Vice-Principal with responsibility for Key Stage 4 will

- Coordinate with heads of department to schedule controlled assessments. (It is advisable that controlled assessments be spread throughout the academic years of key stage 4).
- Ensure that all staff involved have a calendar of events
- Create, publish and update an internal appeals policy for controlled assessments.

Heads of department

Each head of department will

- Ensure the safe and secure conduct of controlled assessments, ensuring that assessments comply with JCQ guidelines and awarding bodies' subject-specific instructions.
- Decide on the awarding body and specification for a particular GCSE.
- Ensure that at least 40% of overall assessment (controlled and/or external assessment) is taken in the exam series in which the qualification is certificated, to satisfy the terminal assessment requirement in accordance with the awarding body specification.
- Standardise internally the marking of all teachers involved in assessing an internally assessed component.
- Ensure that individual teachers understand their responsibilities with regard to controlled assessment. **N.B. See Appendix 18 (Section B) for guidelines relating to malpractice in controlled assessment.**
- Ensure that individual teachers understand the requirements of the awarding body's specification and are familiar with the relevant teachers' notes, and any other subject specific instructions.
- Where appropriate, develop new assessment tasks or contextualize sample awarding body assessment tasks to meet local circumstances, in line with awarding body specifications and control requirements.

Teaching staff

Each subject teacher will

- Understand and comply with the general guidelines contained in the JCQ publication *Instructions for conducting controlled assessments*.
- Understand and comply with the awarding body specification for conducting controlled assessments, including any subject-specific instructions, teachers' notes or additional information on the awarding body's website.

- Supply to the exams office details of all unit codes for controlled assessments.
- Obtain confidential materials/tasks set by awarding bodies in sufficient time to prepare for the assessment(s) and ensure that such materials are stored securely at all times.
- Supervise assessments (at the specified level of control). Undertake the tasks required under the regulations, only permitting assistance to students as the specification allows.
- In the case of student absence, make arrangements for the student to complete the assessment at an alternative time.
- Ensure that students sign authentication forms on completion of an assessment.
- Mark internally assessed components using the mark schemes provided by the awarding body and submit marks through the exams office to the awarding body when required, keeping a record of the marks awarded.
- Retain candidates' work securely between assessment sessions (if more than one).
- Post-completion, retain candidates' work securely until the closing date for enquiries about results. In the event that an enquiry is submitted, retain candidates work securely until the outcome of the enquiry and any subsequent appeal has been conveyed to the centre.
- Ask the appropriate special educational needs coordinator (SENCO) for any assistance required for the administration and management of access arrangements.

Exams Officer

- Issue students with a copy of the JCQ information for students on controlled assessments at the start of the academic year.
- Enter students for individual units, whether assessed by controlled assessment, external exam or on-screen test, before the deadline for final entries.
- Enter students' 'cash-in' codes for the terminal exam series.
- Where confidential materials are directly received by the exams office, to be responsible for receipt, safe storage and safe transmission, whether in CD or hard copy format.
- Download and distribute mark sheets for teaching staff to use, and collect and send mark sheets to awarding bodies before deadlines.
- On the few occasions where controlled assessment cannot be conducted in the classroom (e.g. special educational needs, acute illness), arrange suitable accommodation where controlled assessment can be carried out.

Special educational needs coordinator/additional learning support

- Ensure access arrangements have been applied for.
- Work with teaching staff to ensure requirements for support staff are met.
