

## 2.6

### **LOCAL AND GLOBAL CITIZENSHIP**

In St Patrick's Academy every pupil is encouraged to see him/herself as a valued and active member of the school community, and the wider community both at local and global levels. This is promoted by every teacher in his/her teaching and is reinforced through Citizenship inspired activities and events, form/year assemblies, the peer support system and our pastoral care programme.

Local and Global Citizenship is taught as a discrete subject in Year 8 and as a full module within the Learning for Life and Work GCSE in Years 11 and 12. Students who are not studying towards the GCSE will still follow a Local and Global Citizenship programme in their LLW class. Delivery of the Revised Curriculum allows for fulfilment of Local and Global Citizenship objectives in Year 9 and Year 10. Throughout KS3 and KS4, the programmes delivered are based on four key themes: Diversity and Inclusion, Equality and Justice, Democracy and Active Participation and Human Rights and Social Responsibility. A range of different teaching strategies is encouraged in the delivery of Local and Global Citizenship. These include: action-planning and target-setting, decision making, debates, role plays, educational visits, inter-school activities, social activities,

audio-visual presentations, learning through games, questionnaires and action based research.

Citizenship is also promoted widely through the school ethos and within an inter-school and cross-community context. All departments have included the contribution made by Citizenship in their departmental policy.

Students have also established the POP (Playing Our Part) group which promotes active citizenship both within our school and wider communities.

Involvement in this extra-curricular activity not only helps develop our students as positive contributors to society but also promotes the development of teamworking and organisational skills.

## 2.7

### **SHARED EDUCATION**

The Academy is fully committed to Shared Education and has developed a number of shared activities with The Royal School, Dungannon that are of great mutual benefit.

This partnership involves shared classes at A level involving up to 30 students each year with the aim of providing the fullest academic opportunities for the students of both schools.

The Duke of Edinburgh / President's Award is offered at Silver and Gold levels across KS4 and post-16 on a shared basis. All activities are shared equally and staffed jointly by each school.

We have developed a number of very successful shared activities such as the annual art exhibition and the annual history conference which involve large numbers of students learning together and exhibiting their work in shared community settings.

Through sharing in high value activities, students deepen their understanding of other cultures and develop tolerance for, as well as interest in, those from different backgrounds.

# School Policies

Copies of the school's Curriculum, Anti-Bullying, Child Protection, Homework, Uniform and Discipline Policies are available from the school office and the school website. Parents wishing to obtain a copy are asked to give the school office one week's notice.

All pupils have a copy of the school Code of Conduct in their student planner and parents receive a copy in the Information for Parents' Handbook, which they receive in June.

- 2.2 **Homework Policy**
- 2.3 **Drugs Education Policy**
- 2.4 **Charging and Remissions Policy**
- 2.5 **Health and Safety**
- 2.6 **Local and Global Citizenship**
- 2.7 **Shared Education**

## 2.1 PROCEDURE FOR DEALING WITH COMPLAINTS IN RELATION TO THE CURRICULUM

Complaints should be addressed to the Principal who will, in turn, contact the curriculum VP, Head of Department and Head of Pastoral Care, as necessary.

## 2.2 HOMEWORK POLICY

Homework provides opportunities for pupils to work independently, to practise skills learned in school, to reflect on their understanding of a topic or to pursue in depth, over some time, a particular area of study. The setting of homework significantly increases the time spent on study: the equivalent of one extra term's study can be achieved by setting 1.5 hours homework per night over a year. Given the above factors, the school believes that homework is essential for academic success. Homework also strengthens the educational partnership between parents and teachers, providing a means by which parents can become more actively involved in their child's education, through observing the nature of work done in school, and their child's progress. The success of our homework policy is greatly enhanced by parents being fully informed about what is expected of their child. Information about homework is disseminated to parents in the following ways:

- Information Booklet for Parents – includes a section on homework, the use of the student planner, the necessity for a suitable working environment and the suggested time allocation for each year group.
- Student Planner – on each double page there is a section for parents/

teachers to comment on any aspect of homework. It is hoped that this will provide a valuable home/school link where staff and parents can communicate quickly and efficiently with each other.

- Year 8 Information Evening in September
- Parent Teacher Meetings – staff and parents have an opportunity to discuss the types of homework set and how pupils have coped.
- Comments written on returned homework – designed to provide guidance and encouragement.

## 2.3 DRUGS EDUCATION POLICY

St. Patrick's Academy recognises that it has a vital role to play in educating our young people to deal with the pressures they face in our society. As a school, we are committed to the development of the whole child and we recognise the need to maintain an ethos within the school which promotes individual empowerment, and values such as tolerance, honesty and respect. Drug abuse is a whole-community issue and as such we recognise that the school alone will not single-handedly solve the problem. We will work in partnership with parents and outside agencies to seek to prevent the onset of drug misuse.

### ***Aims of Drugs Education***

- To develop a consistent approach to drugs-related issues;
- To develop and implement a drugs education programme within the curriculum;
- To establish procedures for dealing with drug-related issues and incidents, including issues of suspected drug misuse.

### ***Overview of the Drugs Education Programme***

- i) A drugs education programme is just one part of a whole school response to drug misuse. Our drugs education programme is an integral part of the PSHE (Personal,

Social and Health education) programme and aims to:

- provide accurate and up to date information on drugs and their effects on health;
- introduce opportunities for pupils to enhance their self-respect, personal competence and self-esteem;
- ensure continuity and progression in the knowledge, understanding, skills, attitudes and values being addressed;
- ensure that the content and teaching methods used are appropriate to the age, maturity and experiences of the pupils;

- ii) The Drugs Education Co-ordinator, in liaison with the senior teacher with responsibility for pastoral care, will review the content of the programme and teaching methods used on a yearly basis and make amendments where relevant.

## 2.4 CHARGING AND REMISSIONS POLICY

The school complies with the DE Charging and Remissions Policy. Parents will be able to obtain a copy of this policy from the school office. There is no capital fee but parents are invited to make a voluntary contribution of £50 per family.

Parents will be notified of any changes to the above information in writing as and when appropriate.

## 2.5 HEALTH AND SAFETY

In the interest of pupil safety, parents are asked not to drive into the school between 8.15 and 9am and 3.20 and 4pm. Fire drills are completed at least twice a year, all pupils will be made fully aware of the procedure. Any concerns parents may have about the health and safety of their children while in our care may be directed to the principal through the principal's personal assistant, Mrs Maria Martin.
